No. 432/91-07

Dated Bangalore, 4 May 1912.

Sir,

In continuation of my letter No. 414/91-07 dated the 26th April 1912, submitting the prescribed Annual Returns of Jails and Lock-ups in the State, for the Calendar year 1911, I have the honor to report on their administration as follows:-

2. The most important and historical event that took place during the year under report was the celebration of

SPECIAL RELEASES & REMISSION OF SENTENCES.

THE Coronation of Their Imperial Majesties The King Emperor and Queen Empress of India at Delhi on the 12th December 1911. On this most auspicious occasion, Govern-

ert

-ment, as an act of clemency and grace, granted releases to 75 convicts confined in the Jails and Lock-ups of the Mysore State and remissions of sentences to 744 convicts calculated according to the terms of imprisonment imposed on them. Out of the 75 prisoners that were released, 8 were life-term convicts and the remaining 67 were termers. Out of the 744 convicts that were granted remissions of sentences, 58 convicts (6 lifers and 52 termers) were released on the day of the auspicious occasion, by virtue of remission granted to them.

DIVISIONS.

3. This report is, as usual, divided into three parts Part I, Judicial, comprising statements Nos. 1 to 8, 18, C, D and General Summary; Part II, Financial, comprising statements Nos. 9 to 13 and Part III, Vital, comprising statements Nos. 14 to 17, A and B.

NUMBER OF PRISONS.

4. The number of Jails and Lock-ups remained the same as in the previous years, viz, 1 Central Jail, 1 District Jail, 1 Special Lock-up and 75 District and Taluk Lock-ups.

BUILDINGS & ACCOMMODATION.

5. The existing buildings were, in general, reported to be in a fair condition with sufficient accommodation for the total number confined. The improvements to

the

z x the Bangalore Central Jail and the construction of a new District Lock-up y x at Tumkur have not as yet been taken in hand, although estimates &c were sanctioned by Government long ago. The District Magistrate of Kadur brings to notice the inadequacy of accommodation in the District Lock-up at Chikmagalur. Provision has been made in the current year's P.W.D., Budget Estimate for the construction of a separate Lock-up at Davangere and a male Lock-up in the compound of the District Lock-up at Chikmagalur. The work of the former is stated to be in progress and that of the latter to have not been commenced. The District Magistrate of Kolar brings to notice the insufficiency of accommodation at Kolar District Lock-up and the Taluk Lock-up at Chintamani and the absolute necessity for the construction of a new District Lock-up at Kolar owing to several inconveniences and difficulties now felt by the guards and the prisoners for want of accommodation. He has been asked to send in a pukka plan and estimate prepared in consultation with the P.W.D. The same will be submitted to Government for sanction on their receipt in this office. The District Magistrate of Shimoga reports that the Lock-up rooms at Kursi and Honnali are unsafe and the portions of the District Lock-up at Shimoga are coming down and repairs on

an extensive scale are very necessary. Estimates for necessary repairs called for have not been received in this office. The District Magistrate has again been reminded to send in the same. The construction of latrines and kitchens sanctioned in Government Orders Nos. 824-33/Pris.66-05-6 & J.3328-30/Pris. 52-08-2 dated 8th October 1906 and 27th April 1909 respectively is slowly progressing in the case of Lock-ups where none such exist now.

PART I - JUDICIAL.

PRISON POPULATION.- GENERAL SUMMARY.

6. The number of prisoners of all classes in confinement on the 1st January 1911 was 1287, 9621 were admitted and 9847 discharged. The corresponding figures for the year 1910 were 1193, 10730 and 10636 respectively. It will thus be observed that there was a large decrease both in the number admitted and the number released during the year. The decline in the number of admissions and discharges may be attributed to the favorable seasonal conditions that prevailed during the year. The daily average was 1164.17 as compared with 1180.42 in the year preceding or a decrease of 16.25.

7. There remained 11 Civil debtors in confinement at the beginning of the year

year, 98 were received and 104 discharged leaving 5 at the close of the year. Their daily average was 7.23 against 6.73 in the year 1910.

NATURE OF OFFENCES, STATEMENT D.

the number admitted therefor (offences in Chapter XVII of the Indian Penal Code) being 1568 or about 71.18 per cent of the total number of admissions against 1837 or about 70 per cent of the total admissions in the year 1910. Convictions under special and local laws numbered 244 against 287 in the previous year.

RECOMMITTALS & JUVENILE OFFENDERS, STATEMENT NO.IV.

16. The number of convicts admitted into the Jails and Lock-ups who had been previously convicted was 281 or 12.75 per cent of the whole, against 354 or 13.46 per cent in the previous year. Of the total admissions 63 were youthful offenders under 15 years of age. 19 of these had been admitted into the Bangalore Central Jail and the majority of the rest viz, 35 into the Lock-ups of the Shimoga District.

ESCAPES, STATEMENT NO.V.

17. Among those who had escaped during the decade ending with 31st December 1910, 24 convicts had remained uncaptured out of whom one Hottay Nanja No.8458 who escaped from custody on 28th March 1910 while working in the Fort Palace at Mysore, was recaptured during the year and sentenced to undergo a further term of 6 months rigorous imprisonment for escaping from lawful custody. Two convicts escaped during the year, one from

from the cells of the Kolar District Lock-up and the other from outside the Lock-up of Mudigere Taluk in the Kadur District. Both the convicts were re-captured. The former was sentenced to one year's rigorous imprisonment and the latter to 2 months rigorous imprisonment under Section 224 Indian Penal Code.

OFFENCES & PUNISHMENTS, STATEMENT NO.VI.

18. The aggregate number of offences recorded was 25 against 67 in the year 1910. Out of 25 offences 9 were dealt with by minor punishments and the remaining 16 with major punishments. The decrease in the offences indicates that prisoners were better behaved.

CONVICT OFFICERS, STATEMENT NO.VII.

19. Percentages of 12.81 males and 3.26 females were employed as convict officers during the year, as compared with 13.86 and 5.74 respectively in the preceding year. The total number employed was 136 against 188 in the preceding year. No offences were committed by this class of convicts during the year.

DIET, STATEMENT NO.VIII.

20. The new vegetarian diet scale was in force from 1st January 1911 to 31st March 1911 and the scale by increasing the ragi flour and the diminution of dall and

ginelly

gingelly oil as modified by Government in their Order No. J.2598/Pris.45-10-5 dated 13th March 1911 has been in force from 1st April 1911 in the case of hard labour Indian convicts confined in the two Jails of the State. In the case of others viz, Europeans and East Indians, simple and under-trial prisoners &c the old meat dietary has been in force. The effects of the altered dietary on the health &c of prisoners, are reported to be favorable. A separate † report thereon as called for by Government has already been submitted in this office No.411/31-08 dated the 25th April 1912.

† Sub-Assistant Surgeon's report dated 7th April 1911 on the opinion of the Residency Surgeon.

UNDER-TRIALS, STATEMENT NO.XVIII.

21. The number of under-trial prisoners that passed through Jails and Lock-ups has considerably decreased. There were 281 at the beginning and fresh arrivals numbered 6680 making a total of 6961. Of these,

3913 were acquitted,
1902 were convicted & sentenced,
882 were transferred,
4 escaped and
8 died

leaving a balance of 258 at the close of the year. The daily average was 236.78 against 251.55 in 1910. The average period of detention was 12.41 days against 12.15 days in the preceding year. Of the 4 under-trial prisoners that escaped 2 were recaptured, one on the following day of the escape

and

and the other 3 days after the occurrence and these two have been duly punished along with all the guards responsible for their escape with the exception of one Police constable of the Anekal Taluk who was merely warned by the Inspector-General of Police.

MARK SYSTEM, STATEMENT C.

22. Of the 247 convicts released under the Mark and Ticket-of-leave Rules (vide para 8 supra) one life-term convict of the Bangalore Central Jail earned the maximum remission of 1519 days and another of the same class of the said Jail earned a maximum gratuity of Rs.40-6-2. The average gratuity earned by all convicts was Re. as. P. 1- 14- 6 against Rs.1-13-0 in 1910.

PART II - FINANCIAL.

TOTAL EXPENDITURE, STATEMENT NO.IX.

23. The gross expenditure of the year, excluding cost of repairs &c carried out at the expense of P.W.Department amounted in all to Rs.98,731-6-5 against Rs.1,04,157--0-1 in the preceding year. This decrease partly occurred under the head "Establishment charges" and mostly under the head "Dietary charges" owing to decrease in the average number of prisoners confined. The cost per head was Rs.84-12-11 against Rs.88-3-10 for the preceding year. The cost per head for the year under report is still about

about Rs.12-0-0 in excess of the cost per head prevailing in Madras Jails. The difference lies mainly in the disproportionate guarding establishment that has to be maintained in our Jails and much can be done in the way of reducing the cost per head by concentrating and providing in-door labour to all convicted prisoners in a single Jail and entirely discontinuing out-door labour.

EMPLOYMENT OF CONVICTS, STATEMENT NO.XI.

24. The average number of convicts under sentence of labour on working days and of sick persons is more or less the same as in previous year. The average numbers employed on prison services, on manufactures and out-door labour were 170, 249 and 128 against 149, 210 and 145 respectively in 1910.

NET CASH EARNINGS, STATEMENT NO.XII.

25. The net cash earnings and the average cash earnings per head of average number under sentence of labour show a further decrease being respectively Rs.10741-10-5 and Rs.20-12 against Rs.13528-1-1 and 30-6-1 respectively in the preceding year. The decrease has occurred mostly in the Bangalore Central Jail and it is stated that it is due to the value of raw materials purchased for making certain carpets and repairing some tents and

unsol

unsold stock of manufactured articles, remaining unadjusted in accounts at the end of the year.

NET COST OF PRISONERS, STATEMENT NO.XIII.

26. The average gross cost per head of maintenance has decreased slightly being Rs.75-9-3 against Rs.76-12-6 in the year 1910.

PART III - VITAL.

SICKNESS AND MORTALITY, STATEMENT NO.XIV.

27. Exclusive of Hospital and observation cells, the Jails and Lock-ups in the State can accommodate 2317 prisoners . The aggregate number of prisoners admitted into Hospital for treatment fell from 633 in the preceding year to 608 in the year under report. The daily average number of sick is more or less the same when compared with the figures of the previous year, being 21.65 against 21.38 for 1910. The number of deaths is 10 against 14 in the preceding year. Of the 10 deaths, 8 occurred among convicts and 2 among under-trials. The causes of death among the latter were Jaundice and Acute Tonsilitis, both in the Lock-ups of the Hassan District.

SICKNESS & MORTALITY AMONG CONVICTS, STATEMENT NO.XV.

28. The chief diseases under which convicts were admitted and of which they died are given in this statement. The largest

number

number of admissions was under "Malarial fevers", next in order comes other general diseases with 2 deaths, one from failure of heart and the other committed suicide, next in order comes Dysentery with one death, 3 deaths occurred from Tubercle of the lungs &c, one death occurred from Anaemia and debility and one from Pneumonia.

29. Of the 8 deaths among convicts, 2 has occurred among those who were under-going sentence not exceeding 6 months, 2 above 6 months and not exceeding one year, one above one year and not exceeding 3 years, 1 above 3 years and not exceeding 7 years and the remaining 2 above 7 years.

MORTALITY ACCORDING TO LENGTH OF SENTENCE, STATEMENT NO.XVI.

30. Out of 8 convicts that died, 4 died within 6 months after admission, 2 within one year and 2 after 7 years. These figures indicate the state of health in which many prisoners are found on admission into Jail.

MORTALITY ACCOIDING TO LENGTH OF TIME PASSED IN JAIL, STATEMENT NO.XVII.

31. Overcrowding was not reported at any time of the year from either of the two Jails. The maximum population on any one day was 999 and the standard accommodation in Jails

ACCOMMODATION IN JAILS, STATEMENT A.

Jails is for 1266 persons as revised in accordance with the actual accommodation now available.

CONDITIONS OF CONVICTS DISCHARGED, STATEMENT B.

32. Convicts discharged from Lockups are not being weighed. 1483 convicts were discharged from Jails, of whom 555 had gained weight, 326 had lost it and 602 had neither gained nor lost it.

DRAINAGE & CONSERVANCY.

Read-

Letter No.432/91-07, dated 4th May 1912, from the Inspector-General of Prisons in Mysore, forwarding a Report on the Administration of Jails & Lock-ups in the State during the Calendar year 1911.

Order thereon No. J/3444/Pris 54-11-4

Dated, Bangalore, the 12th July 1912.

The number of prisoners admitted to the Jails & Lock-ups during the year under report showed a fall of 1109 as compared with the year 1910. The decrease is attributed by the Inspector-General to favourable seasonal conditions. One consequence of this was a slight decrease in the total expenditure of the State on Jails and Lock-ups.

2. Government are glad to notice an improvement in the health of the prisoners that passed through the jails. The modified scale of vegetarian diet which has been in use in the Jails of Bangalore and Mysore from the 1st April 1911, in respect of hard labour Indian convicts, is reported to have yielded favourable results, and its continuance for a further term of three years has accordingly been sanctioned by Government.

3. The Khaki-Weaving Industry sanctioned in Govt. Order No.J. 2973-5/Pris.66-08-5, dated 5th April 1911, has not yet been started in the Bangalore and Central Jail. Orders have, however, been recently passed directing that provision should be made in the Public Works Budget for 1912-13 for erecting a shed to accommodate 48 looms, and for the purchase of tools, plant & raw materials necessary for starting the industry.

4. The thanks of the Government are due to the representatives of the several Religious Agencies who undertook, during the year, the task of imparting religious instruction to the convicts in

ADMINISTRATION REPORT OF THE INSPECTOR-GENERAL OF PRISONS IN MYSORE FOR THE YEAR 1911.

FROM

P. S. ACHYUTA RAO, ESQ.,
Inspector-General of Prsions in Mysore.

To

C. S. BALASUNDARAM IYER, ESQ., B.A.,
Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

No. 432—91-07, dated Bangalore, 4th May 1912.

SIR,

In continuation of my letter No.414—91-07, dated the 26th April 1912, submitting the prescribed Annual Returns of Jails and Lock-ups in the State for the calendar year 1911, I have the honor to report on their administration as follows.

2. *Special releases and remission of sentences.*—The most important and historical event that took place during the year under report was the celebration of the Coronation of Their Imperial Majesties The King-Emperor and Queen-Empress of India at Delhi on the 12th December 1911. On this most auspicious occasion, Government, as an act of clemency and grace, granted releases to 75 convicts confined in the Jails and Lock-ups of the Mysore State and remissions of sentences to 744 convicts calculated according to the terms of imprisonment imposed on them Out of the 75 prisoners that were released, 8 were life-term convicts and the remaining 67 were termers. Out of the 744 convicts that were granted remissions of sentences, 58 convicts (6 lifers and 52 termers) were released on the day of the auspicious occasion, by virtue of remission granted to them.

3. *Divisions.*—This report is, as usual, divided into three parts—Part I, Judicial comprising Statements Nos. 1 to 8, 18, C, D and General Summary; Part II, Financial comprising Statements Nos. 9 to 13; and Part III, Vital, comprising Statements Nos. 14 to 17, A and B.

4. *Number of prisons.*—The number of Jails and Lock-ups remained the same as in the previous years, *viz.*, 1 Central Jail, 1 District Jail, 1 Special Lock-up and 75 District and Taluk Lock-ups.

5. *Buildings and accommodation.*—The existing buildings were, in general, reported to be in a fair condition with sufficient accommodation for the total number confined. The improvements to the Bangalore Central Jail and the construction of a new District Lock-up at Tumkur have not as yet been taken in hand, although estimates, etc., were sanctioned by Government long ago. The District Magistrate of Kadur brings to notice the inadequacy of accommodation in the District Lock-up at Chikmagalur. Provision has been made in the current year's Public Works Department Budget Estimate for the construction of a separate Lock-up at Davangere and a male Lock-up in the compound of the District Lock-up at Chikmagalur. The work of the former is stated to be in progress and that of the latter to have not been commenced. The District Magistrate of Kolar brings to notice the insufficiency of accommodation at Kolar District Lock-up and the Taluk Lock-up at Chintamani and the absolute necessity for the construction of a new District Lock-up at Kolar owing to several inconveniences and difficulties now felt by the guards and the prisoners for want of accommodation. He has been asked to send in a pukka plan

and estimate prepared in consultation with the Public Works Department. The same will be submitted to Government for sanction on their receipt in this office. The District Magistrate of Shimoga reports that the Lock-up rooms at Kumsi and Honnali are unsafe and the portions of the District Lock-up at Shimoga are coming down and repairs on an extensive scale are very necessary. Estimates for necessary repairs called for have not been received in this office. The District Magistrate has again been reminded to send in the same. The construction of latrines and kitchens sanctioned in Government Orders Nos. 824-33—Pris. 66-05-6 and J. 3328-30—Pris. 52-08-2, dated 8th October 1906 and 27th April 1909, respectively, is slowly progressing in the case of Lock-ups where none such exist now.

Part I—Judicial.

6. *Prison population, General Summary.*—The number of prisoners of all classes in confinement on the 1st January 1911 was 1,287, 9,621 were admitted and 9,847 discharged. The corresponding figures for the year 1910 were 1,193, 10,730 and 10,636 respectively. It will thus be observed that there was a large decrease both in the number admitted and the number released during the year. The decline in the number of admissions and discharges may be attributed to the favorable seasonal conditions that prevailed during the year. 7. There remained 11 Civil debtors in confinement at the beginning of the year, 98 were received and 104 discharged, leaving 5 at the close of the year. Their daily average was 7·23 against 6·73 in the year 1910.

Among the latter class (convicts in transit) fresh admissions numbered 640 making a total of 676, of whom 640 were actually transferred to Jails in the Province, 16 were acquitted on appeal, 2 released on expiry of sentence, leaving a balance of 18 at the close of the year. 13. *Occupation.*—Classified according to previous occupation among males who numbered 2,072, 96 or about 4·63 per cent were public servants, 92 or about 4·44 per cent were professional men, 306 or about 14·77 per cent were private servants, 953 or about 46·00 per cent were agriculturists, 159 or about 7·67 per cent were traders, 79 or about 3·81 per cent were mechanics and 387 or about 18·68 per cent followed miscellaneous professions. Among females who numbered 131, 66 or about 50·38 per cent were married, 18 or about 13·74 per cent were unmarried, 44 or about 33·59 per cent were widows and 3 or about 2·29 per cent were prostitutes.

14. *Nature and length of sentences, Statement No. III.*—Of the 2,203 convicts admitted, 259 or about 11·76 per cent had been sentenced to simple imprisonment,

1,888 or about 85·70 per cent to rigorous imprisonment, 15 or about ·68 per cent to rigorous imprisonment with solitary confinement, 25 or about 1·13 per cent to rigorous imprisonment with whipping, 15 or about ·68 per cent to transportation for life and 1 or about ·05 per cent to death. More than half of these men had only a sentence of one month and under.

15. *Nature of offences, Statement D.*—Theft and the allied offences of criminal breach of trust receiving and concealing stolen property and house-breaking and trespass were the principal causes of imprisonment, the number admitted therefor (offences in Chapter XVII of the Indian Penal Code) being 1,568 or about 71·18 per cent of the total number of admissions against 1,837 or about 70 per cent of the total admissions in the year 1910. Convictions under special and local laws numbered 244 against 287 in the previous year.

16. *Recommittals and juvenile offenders, Statement No. IV.*—The number of convicts admitted into the Jails and Lock-ups who had been previously convicted was 281 or 12·75 per cent of the whole, against 354 or 15·46 per cent in the previous year. Of the total admissions, 63 were youthful offenders under 15 years of age. 19 of these had been admitted into the Bangalore Central Jail and the majority of the rest, *viz.*, 35 into the Lock-ups of the Shimoga District.

17. *Escapes, Statement No. V.*—Among those who had escaped during the decade ending with 31st December 1910, 24 convicts had remained uncaptured, out of whom one Hottay Nanja No. 8458 who escaped from custody on 28th March 1910, while working in the Fort Palace at Mysore, was recaptured during the year and sentenced to undergo a further term of 6 months' rigorous imprisonment for escaping from lawful custody. Two convicts escaped during the year, one from the cells of the Kolar District Lock-up and the other from outside the Lock-up of Mudgere Taluk in the Kadur District. Both the convicts were recaptured. The former was sentenced to one year's rigorous imprisonment and the latter to 2 months' rigorous imprisonment under Section 224, Indian Penal Code.

18. *Offences and punishments, Statement No. VI.*—The aggregate number of offences recorded was 25 against 67 in the year 1910. Out of 25 offences, 9 were dealt with by minor punishments and the remaining 16 with major punishments. The decrease in the offences indicates that prisoners were better behaved.

19. *Convict officers, Statement No. VII.*—Percentages of 12·81 males and 3·26 females were employed as convict officers during the year as compared with 13·86 and 5·74 respectively in the preceding year. The total number employed was 136 against 188 in the preceding year. No offences were committed by this class of convicts during the year.

20. *Diet, Statement No. VIII.*—The new vegetarian diet scale was in force from 1st January to 31st March 1911 and the scale by increasing the ragi flour and the diminution of dall and gingelly oil as modified by Government in their Order No. J. 2598—Pris.—45-10-5, dated 13th March 1911, has been in force from 1st April 1911 in the case of hard labour Indian convicts confined in the two Jails of the State. In the case of others, *viz.*, Europeans and East Indians, simple and under-trial prisoners, etc, the old meat dietary has been in force. The effects of the altered dietary on the health, etc, of prisoners, are reported to be favorable. A separate report thereon as called for by Government has already been submitted in this office No. 411-31-03, dated the 25th April 1912.

21. *Under-trials, Statement No. XVIII.*—The number of under-trial prisoners that passed through Jails and Lock-ups has considerably decreased. There were 281 at the beginning and fresh arrivals numbered 6,680, making a total of 6,961. Of these—

recaptured, one on the following day of the escape and the other 3 days after the occurrence and these two have been duly punished along with all the guards responsible for their escape with the exception of one Police constable of the Anekal Taluk who was merely warned by the Inspector-General of Police.

22. *Mark system, Statement C.*—Of the 247 convicts released under the Mark and Ticket-of-leave Rules (*vide* para 8 *supra*) one life-term convict of the Bangalore Central Jail earned the maximum remission of 1,519 days and another of the same class of the said Jail earned a maximum gratuity of Rs. 40-6-2. The average gratuity earned by all convicts was 1-14-6 against Rs. 1-13-0 in 1910.

Part II—Financial.

23. *Total expenditure, Statement No. IX.*—The gross expenditure of the year, excluding cost of repairs, etc, carried out at the expense of Public Works Department amounted in all to Rs. 98,731-6-5 against Rs. 1,04,157-0-1 in the preceding year. This decrease partly occurred under the head "Establishment charges" and mostly under the head "Dietary charges" owing to decrease in the average number of prisoners confined. The cost per head was Rs. 84-12-11 against Rs. 88-3-10 for the preceding year. The cost per head for the year under report is still about Rs. 12-0-0 in excess of the cost per head prevailing in Madras Jails. The difference lies mainly in the disproportionate guarding establishment that has to be maintained in our Jails and much can be done in the way of reducing the cost per head by concentrating and providing in-door labour to all convicted prisoners in a single Jail and entirely discontinuing out-door labour.

24. *Employment of convicts, Statement No. XI.*—The average number of convicts under sentence of labour on working days and of sick persons is more or less the same as in previous year. The average numbers employed on prison services, on manufactures and out-door labour were 170, 249 and 128 against 149, 210 and 145 respectively in 1910.

25. *Net cash earnings, Statement No. XII.*—The net cash earnings and the average cash earnings per head of average number under sentence of labour show a further decrease being respectively Rs. 10,741-10-5 and Rs. 20-12-0 against Rs. 13,528-1-1 and 30-6-1 respectively in the preceding year. The decrease has occurred mostly in the Bangalore Central Jail and it is stated that it is due to the value of raw materials purchased for making certain carpets and repairing some tents and unsold stock of manufactured articles, remaining unadjusted in accounts at the end of the year.

26. *Net cost of prisoners, Statement No. XIII.*—The average gross cost per head of maintenance has decreased slightly, being Rs. 75-9-3 against Rs. 76-12-6 in the year 1910.

Part III—Vital.

27. *Sickness and mortality, Statement No. XIV.*—Exclusive of hospital and observation cells, the Jails and Lock-ups in the State can accommodate 2,317 prisoners. The aggregate number of prisoners admitted into hospital for treatment fell from 633 in the preceding year to 608 in the year under report. The daily average number of sick is more or less the same when compared with the figures of the previous year, being 21·65 against 21·38 for 1910. The number of deaths is 10 against 14 in preceding year. Of the 10 deaths, 8 occurred among convicts and 2 among undertrials. The causes of death among the latter were Jaundice and Acute Tonsilitis, both in the Lock-ups of the Hassan District.

28. *Sickness and mortality among convicts, Statement No. XV.*—The chief diseases under which convicts were admitted and of which they died are given in this statement. The largest number of admissions was under "Malarial fevers," next in order comes other general diseases with 2 deaths, one from failure of heart and the other committed suicide, next in order comes dysentery with one death, 3 deaths occurred from Tubercle of the lungs, etc., one death occurred from Anæmia and debility and one from Pneumonia.

29. *Mortality according to length of sentence, Statement No. XVI.*—Of the 8 deaths among convicts, 2 has occurred among those who were undergoing sentence not exceeding 6 months, 2 above 6 months and not exceeding one year, one above one year and not exceeding 3 years, 1 above 3 years and not exceeding 7 years and the remaining 2 above 7 years.

30. *Mortality according to length of time passed in Jail, Statement No. XVII.*—Out of 8 convicts that died, 4 died within 6 months after admission, 2 within one year and 2 after 7 years. These figures indicate state of health in which many prisoners are found on admission into Jail.

31. *Accommodation in Jail, Statement A.*—Overcrowding was not reported at any time of the year from either of the two Jails. The maximum population on any one day was 999 and the standard accommodation in Jails is for 1,266 persons as revised in accordance with the actual accommodation now available.

32. *Conditions of convicts discharged, Statement B.*—Convicts discharged from Lock-ups are not being weighed. 1,483 convicts were discharged from Jails, of whom 555 had gained weight, 326 had lost it and 602 had neither gained nor lost it.

33. *Drainage and conservancy.*—Sewage drains are forbidden in Jails and surface drains are being kept in efficient order. The dry earth system prevails in Jails except in the female prison of the Mysore Jail, whereat a Donaldson's latrine has been provided.

34. *Diet.*—Articles of diet were obtained from contractors at rates previously agreed upon in the case of Jails and from respectable local merchants at the ruling market rates in the case of Lock-ups in general.

35. *Employment of prisoners.*—The employment of prisoners is apportioned according to their physical capability, conduct and nature and length of sentence passed on them.

36. *Water-supply.*—Water-supply was ample and wholesome.

37. *Clothing.*—Clothing was given according to seasonal requirements and in accordance with the rules in force.

38. *Starting of khaki weaving industry in the Bangalore Central Jail.*—As called for by Government in para 5 of their Order No. J. 2971-3—Pris. 66-08-5, dated 8th April 1910, a report regarding the details of cost on account of building, plant and establishment, etc., in connection with the starting of khaki weaving industry in the Central Jail, was submitted in this office No. 91—17-07, dated 29th January 1912. No orders have been passed by Government as yet on the subject.

39. *Religious and moral instructions.*—The Superintendent of the Bangalore Central Jail reports that during the year under report, a Christian Baptist, and a Mahomadan Khaji continued to visit the Jail regularly on Sundays and discoursed moral lessons to Christian and Mahomadan prisoners. Similarly Swami Somanandaji of the local Ramakrishna Mission paid 35 visits to the Jail and delivered special and general discourses to the Hindu convicts. On the whole, this system has resulted in the general good behaviour of the convicts during the year.

The local Theosophical Society and the Majlise Rafahal Muslamine of Mysore offered their services to impart religious and moral instructions to the Hindu and Mahomadan convicts, respectively, of the Mysore District Jail and Government were pleased to accept their offers and accordingly sanctioned the arrangements.

General.

40. *Administrative and executive changes.*—Colonel J. Smyth, M. D., I. M. S., was in charge of the department from 1st to 3rd January and from the 7th March to 20th May 1911. I held charge of the department from 4th January to 6th March 1911, when the services of Colonel Smyth, M. D., I. M. 43. *Concluding remarks.*—On the whole, the health, discipline and conduct of prisoners confined in the Jails and Lock-ups were good.

I have the honor to be,
